Call for Papers - 12th International Turfgrass Conference in Beijing, China, 2013

by Dr. Mike Fidanza, Editor-in-Chief
Pennsylvania State University, USA

The International Turfgrass Society announces the second call for papers to be presented at the 12th International Turfgrass Conference in Beijing, China from July 14-19, 2013. The “author information” website for the International Turfgrass Society Research Journal is now available at <http://itsrj-volume12.org> Please complete the Title-Summary Form available at (<http://itsrj-volume12.org/title-summary-form.pdf>) and e-mail it to Mike Fidanza at fidanza@psu.edu. The title, summary, and choice of discipline area determine the appropriate Co-Editor who will be responsible for working with authors and reviewers. The Title-Summary forms will be acknowledged with further instructions to authors and instructions for corresponding with the assigned Co-Editor.

Time for oral presentations will be limited and strong consideration will be given to poster presentations. The final decision on oral presentations will be made by the program committee and if changed you will be notified. Check the International Turfgrass Society website (<http://www.turfsociety.com/>) for more details as they become available.

At least one author of each paper presented to the 12th ITRC must be a member in good standing of the International Turfgrass Society. The author cannot be the sole member on more than one paper submission. When papers are accepted, you will be required to sign-off assigning copyright to the ITS. This will allow the ITS to give the Turfgrass Information File at Michigan State University permission to make the journal available electronically 2 years after publication (i.e. in 2015 for Volume 12). This does not a transfer of copyright to MSU. See <http://www.turfsociety.com/> for information about on the International Turfgrass Society and membership.
